Re: European REACH Regulation

Dear Customer:

You may already have heard a lot regarding the European REACH regulation. Although REACH is a European regulation, it may potentially impact companies outside of Europe. BASF Corporation is very active in assessing the implications of REACH and would like to provide you with information that may be helpful in your understanding and assessment of the impact of REACH on your business.

We hope you find this information useful. We look forward to a dialogue with you regarding how REACH impacts your company and what BASF may be able to do to support you.

If you have any questions, please don't hesitate to contact your customer service or sales representative.

With Best Regards,
