

FACT SHEET

Automotive Applications Containing BASF Materials

Exterior:

- Automotive OEM, refinish and component coatings
- Electrocoats, Primers, Basecoats and Clearcoats
- Waterborne and solventborne technologies
- Powder coatings
- Coil coatings
- Glasurit®, R-M®, Limco® and Extreme Colors® refinish brands
- Cathoguard® electrocoat brand
- School bus coatings
- Bumper cores
- Fenders
- Door handles
- Mirror housings
- Grills
- Cowl vent grills
- Trim
- Fascia
- Headlamp reflectors
- Windshield wiper components
- Roof panels
- Convertible roof covers
- Luggage racks
- Wheel laminates and covers
- Running boards

Interior:

- Headliner
- Seat belt
- Speaker grills
- Brackets/pedals
- Air bag housing
- Energy Absorbing side door panels
- Molded seating - foam
- Lumbar adjusters
- Leather
- Steering wheels
- Dashboard
- Dash insulators
- Armrests and headrests
- Center console
- Carpet
- Light covers

- Interior trim parts
- Glove compartment
- Beverage holders
- Sun visors
- Knee bolsters

Chassis/Under-the-hood:

- Gear lever components
- Hubs
- Clips
- Fuel tank
- Fuel system components
- Gas caps
- Suspension components
- Jounce bumpers
- Noise vibration components
- Energy absorbing bolsters
- Electrical housing
- Transmission spindles
- Water pump impellers
- Automotive fuses
- Fans/shrouds
- Air intake manifold
- Valve covers
- Air filters
- Air cleaner gaskets
- Air conditioner/heating system components
- Brake components
- Brake fluids
- Parts for clutches
- Engine coolants
- Fuel additives
- Carburetor floats
- Instrument cluster housings
- Radiator covers
- Transmission covers
- Engine covers
